Security Boxes for Wireless Access Points

Ceiling Security Box

Wall Security Box

Hubbell's **ZOBOS®** Security boxes for low voltage wireless access points provide the greatest level of restricted access. Two styles are available. First is a plenum-rated, in-ceiling version that mounts into a standard 2'x2' ceiling tile space. The wall mount version is available in office white or black. Both will accommodate most standard wireless access point sizes. The Wireless Access Security Boxes can be utilized in an environment that may be the object of vandalism.
