

Utilizes screw-type modular face plates.

Available for deep and shallow raised floors.

Internal barriers separate power and data.

Hinged clamping arms provide ease of installation from above.

Raised Access Floor Boxes

Reversible single piece cover/flange allows provision for carpet inlay.

Oversized, flip-up cable door provides a spacious pathway for exiting cables.

Adjustable mounting bracket.

FEATURES

- 4- and 8-gang versions available.
- Maximum wiring capacity.
- Installation from above.

SPECIFICATIONS

- ◆ Cover flange finish: durable powder coat, gray.
- ◆ 16 ga. galvanized, stamped steel bases.
- ◆ Meets NEC Section 300-22(C) - suitable for use in air handling spaces and raised floor plenums.
- ◆ Knockouts: 1 1/4", 1", 3/4", 1/2".
- ◆ UL and CSA listed

The Hubbell AFB Series recessed stamp steel boxes are suitable for the majority of standard raised floor applications in providing the flexibility, accessibility, capacity, and depth profiles needed to meet different raised floor depth and application requirements.

These multi-service boxes are available in 4- or 8-gang options and utilize Hubbell modular screw-type 106 plates, StyleLine® plates, blank plates, and a 6-port modular face plate to accommodate Xcelerator™ series high performance UTP jacks, and Snap Fit multimedia connectors.

One reversible metallic cover/flange assembly mounts to all box sizes and has been designed with a large cable door to provide ample room for exiting cables.
