

RE-BOX[®] Wall Mount Cabinets

Low Profile Installations

Hubbell's RE-BOX[®] commercial cabinets are specifically designed for housing remote network equipment in a safe and secure environment. Use the pre-configured RE-BOX as a small remote data center. Each cabinet includes dedicated mounting for switches and active equipment, as well as another dedicated mounting area for patch panels. The unloaded RE-BOX is a great solution for applications such as horizontal cross connects or the telecommunications room. The modular design of this cabinet is extremely versatile, allowing the installer to configure the cabinet with a wide variety of accessories to mount any type of components.

FEATURES

- Clean, low-profile appearance suitable for classrooms and offices
- Wide variety of accessories allow user to tailor to suit
- Pre-configured and user-configurable versions
- Knockouts for conduit and rectangular knockouts for metal and PVC raceway
- Door lifts off when open for easy installation, hinge easily reversed in the field
- Flexible mounting for active equipment
- Top mounted patch panels allow for use of short, one-foot patch cords
- Low profile rear section gives great access to mounted equipment and patch panels
- 100lb load capacity

- Abundant cable entry through all sides
- Designed to dissipate 160W without fan
- Vertical mounted equipment saves floor space

RE-BOX® Low Profile

RE-BOX® Pre-Configured, 14" Max Switch Depth

Includes: cabinet, 2 or 4RU top mounted hinged patch panel bracket, 2 or 5RU mounted switch bracket, (2) locks and keys

| Panel Capacity | Switch Capacity | Height (Inches) | Width (Inches) | Depth (Inches) | Color | Catalog No. |
|----------------|-----------------|-----------------|----------------|----------------|-------|-------------|
| 2RU | 2RU | 32" | 24.2" | 7" | Gray | RE2 |
| 2RU | 2RU | 32" | 24.2" | 7" | Black | RE2B |
| 4RU | 5RU | 32" | 24.2" | 10" | Gray | RE4 |
| 4RU | 5RU | 32" | 24.2" | 10" | Black | RE4B |

RE-BOX® Pre-Configured, 22" Max Switch Depth

Includes: cabinet, 2RU top mounted hinged patch panel bracket, 5RU mounted switch bracket, (2) locks and keys

| Panel Capacity | Switch Capacity | Height (Inches) | Width (Inches) | Depth (Inches) | Color | Catalog No. |
|----------------|-----------------|-----------------|----------------|----------------|-------|--------------|
| 4RU | 5RU | 42" | 24.2" | 10" | Gray | RE4X |
| 4RU | 5RU | 42" | 24.2" | 10" | Black | RE4XB |

RE-BOX® User-Configured

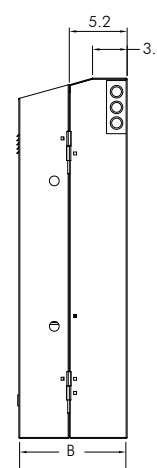

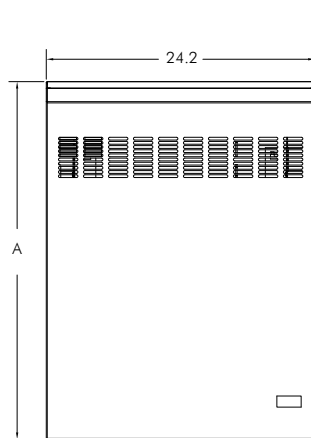

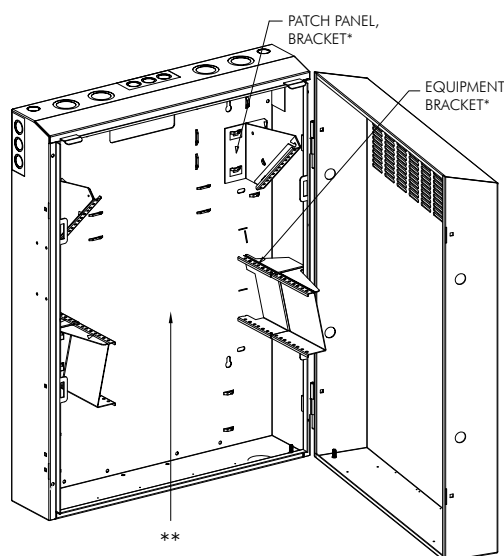

Includes: cabinet, lock(s) and key(s)

| Height (Inches) | Width (Inches) | Depth (Inches) | Color | Catalog No. |
|-----------------|----------------|----------------|-------|---------------|
| 24" | 24.2" | 7" | Gray | IDF24L |
| 24" | 24.2" | 10" | Gray | IDF24 |
| 32" | 24.2" | 10" | Gray | IDF32 |
| 42" | 24.2" | 10" | Gray | IDF42 |

Specifications

UL 1863 Listed, EIA-310-E compliant, designed to meet NEMA 2, Tamper Resistant per GR-487-CORE, meets TIA 569
